

HERBS & SPICE AND EVERYTHING NICE

This tour is for groups of 25 to 32 people. Hear a talk on uses of herbs, identification, plus how to grow and store herbs organically. Take a walk through the herb garden and browse the shop. Lunch is served in an 1850's farmhouse from locally grown products. Taste local wines and learn to cook with wines. Tour an 1875 historic lighthouse and veteran's museum. Wear flat shoes to climb the tower for a fabulous view. Complete the day browsing in four shops: collectibles & dolls, tea pots & elegant gifts, antiques and local artisans' crafts and gifts.
